

# IEICE Malaysia Section

## Sponsored Lecture 2015

### Event Report

#### Event Details

Lecture Title: Development of Advanced Fuel Cells toward the Future Green Society Studied by X-Ray Absorption Fine Structure (XAFS) and Related Technique

Lecturer: Prof. Yasuhiro Iwasawa

Date: 14 December 2015 (Monday)

Time: 9.30 am – 12.00 noon

Venue: CCU Seminar Room, Chancellery Building, MMU Cyberjaya

## Event Summary

The very first IEICE Sponsored Lecture 2015 by Prof. Yasuiro Iwasawa from the University of Electro-Communications (UEC, Japan) was attended by about 40 participants including IEICE Malaysia members, researchers from Fuel Cell Institute of National Univ. Malaysia (UKM), researchers from MIMOS Berhad, professors, lecturers and students from MMU. The participants have the opportunity to interact with Prof. Iwasawa during the Q&A session. All participants have benefited greatly from the inspiring talk delivered by Prof. Iwasawa.

Prof. Swee-Huay Heng, the Representative of IEICE Malaysia Section delivered the opening speech and presented a token of appreciation to Prof. Yasuhiro Iwasawa on behalf of the IEICE Malaysia Section and MMU. The lecture session ended with a group photo session and light refreshment.
